Introduction to Network Analysis: Question 1

1/1 point (graded)

What is a path in a network?

- ☐ An edge
- ☐ A generalized edge that connects distant nodes
- ☒ A sequence of edges connecting two nodes

Submit

You have used 1 of 1 attempt

Correct (1/1 point)

Introduction to Network Analysis: Question 2

1/1 point (graded)

What is a connected component in a network?

- ☒ A group of nodes and their edges for which a path exists between each node in the component
- ☐ Any subgroup of nodes
- ☐ The set of either nodes or edges in the network

Submit

You have used 1 of 1 attempt

Correct (1/1 point)
